Loughborough College Student Agreement

All students agree to observe the terms & conditions, rules and regulations of Loughborough College whilst studying with us.

This includes wearing your College ID badge and lanyard at all times whilst on College premises.

When you enrol onto your course, you will be asked to sign some documentation, using a digital signature this year, which will provide you with your course information, and will confirm that:

- You have received appropriate advice and guidance about the programme of study you are enrolling on to, and that the following has been explained to you:
  - The entry qualifications needed for your programme of study
  - What your programme of study involves and what qualifications it can lead to
  - That tuition fees, trips/visits/material costs (where applicable) are payable annually
  - Where to find the fees policy which explains all fees, charges and exemptions.
  - That you may need to be assessed to confirm your suitability for the programme of study
  - The hours of study required to achieve the chosen qualification(s)
  - That learning support may be available to you should you or your tutor feel it is necessary
  - Progression routes that may be available to you.

- You acknowledge the requirement to wear your College ID badge and lanyard at all times whilst on College premises. Where a lanyard is forgotten the College will issue a temporary lanyard for the day.

- You acknowledge the requirement to wear a face mask when on campus, unless exempt for medical purposes, when you will display an exemption badge which you can get from reception.

- That where appropriate the college will register you with the necessary awarding organisations, and that you must take any assessments or examinations the College requires you to take to achieve the qualification(s) detailed in your learning agreement.

- If you fail to attend classes then you may not be permitted to complete your programme of study, or be eligible to claim potential bursary payments that rely on attendance.

  Note: Tier 4 International student attendance will be closely monitored. Non-attendance will be reported to the Home Office/UK Visa’s and Immigration in line with the College’s contractual and legal obligations.

- That all of our courses will run, subject to a minimum viable class size, and the college reserves the right to cancel a course if it is not likely to meet that minimum size. Should this happen, Students will be notified as soon as possible prior to the course’s planned start date, and given advice, guidance and alternative options.

- That where the college identifies an emergency situation, such as a medical emergency involving you (or a wellbeing situation—if you are aged under 18), the college may contact the named emergency contact you have provided details for.

- If you are aged under 18 on 31 August 2020, the college may contact your parent(s) or guardian(s) or carer(s) direct, or if they contact us on your behalf to discuss your progress, learning and support requirements. This may include us sharing information about you with them. If there is a valid reason you would prefer us not to involve one of your parent(s) or guardian(s) or carer(s) please bring this to the attention of your progress tutor or the Student Services department as soon as possible.

- During 2020/21 we are operating a Covid-19 track and trace system on college campus, it is essential that we are able to contact both you, and for learners aged under 18 on 31 August 2020, your parent(s), guardian(s) or carer(s) if we need to isolate a bubble that you are in, as the self isolation may affect others living in the residence. As before, if there is a valid reason you would prefer us not to involve one of your parent(s) or guardian(s) or carer(s) please bring this to the attention of your progress tutor or the Student Services department as soon as possible.

- To ensure the Covid-19 track and trace process works well, it is essential that we know who is onsite in lessons, who is offsite in lessons and who is absent. Please remember to use register scan if possible when onsite, or make sure the lecturer has logged to present. If you are going to be absent for any reason please use the absence recording system.
• If your employer is paying for, and/or sponsoring your programme, the college may share details of your attendance, progress and achievements with your employer.
• That should you withdraw from your programme of study or any part of it, you will also be withdrawn from any examinations you are due to take. This will include cancelling any pre-paid awarding body registrations where it is still possible for the College to recover its costs back.
• That the college (or one of its approved partners) are required for contractual reasons to contact you in order to monitor your learning outcomes (including your destination).
• That you will tell us immediately if any of your personal, employment or contact details change. This is essential to ensure that the data we hold on you is accurate, all awarding body registrations are correct, all communication is correctly sent to you, and documents such as certificates do not go astray.
• That the college will access and update data held about you by the Student Record Service, which includes your Personal Learning Record.
