

Database List

The college subscribes to the following databases to provide you with a wide range of online material including journal articles, online books and specialist subject resources.

You can find the link to the Library website from either LearnZone or from the Menu option on the front page of the college website and then choose Student Links.

Searching

You will find the search box on the top right hand side of the Library website with the title **Discover your Library**.

Enter your search term in the search box.

Discovery searches some of these databases, others you will need to search separately. The links and login instructions can be found in the right hand column of the results screen under **'More from our Library'**

For more details, see the **Electronic Resources** guide.

Follow the Login Instructions

Discovery searches some of these databases **highlighted in pink** on this list and the search results appear in the main list.

The other databases are separate resources and the links and login instructions can be found in the right hand column of the results screen under **'More from our Library'**. Some of these resources will require a user name and password.
